

SWISS DUOCLAST®

→ RADIAL & FOCUSED,
THE ULTIMATE SHOCK WAVE THERAPY SOLUTION

EMS⁺

SWISS DUOCLAST®

> Always the right technology at hand for tendinopathies, muscle pain or bone pathologies: shallow with Radial Shock Waves and deep with Focused Shock Waves.

SWISS DOLORCLAST® MASTER

→ ALL SUPERFICIAL INDICATIONS

**RADIAL
ESWT**

BALLISTIC GENERATION

> Compressed air accelerates a projectile which strikes a fixed applicator. The kinetic energy is converted into a Shock Wave delivered to the target tissue through the skin.

SWISS PIEZOCLAST®

→ ALL DEEP INDICATIONS

**FOCUSED
ESWT**

PIEZOCERAMIC GENERATION

> High voltage is applied to 1,000 piezoceramic crystals generating pressure waves, which penetrate the skin and travel through the tissue focusing on a cigar-shaped volume.
