

MANUXELECT

PARTNER FOR LIFE

The examination and treatment couch par excellence for a small treatment room and a limited budget. Because of the scissors mechanism the ManuXelect is raised fully vertically. Consequently the ManuXelect takes up only 1.4 m²! The easily adjustable sections make this couch easy to operate and stable throughout. A cost-effective variant for someone who has little space available. The ManuXelect treatment couch comes in two 2-section models and in a 3-section variant.

ManuXelect

- Electrical height adjustment from 48 to 105 cm
- Section adjustment with gas springs
- Ergonomic handles for operation with one hand
- Scissors movement saves space. The couch travels up and down linearly
- Padded sections with soft edges
- The nose hole (with optional plug) ensures patient comfort even when lying face down

UPHOLSTERY OPTION	
Section Width	4 cm thick
67 cm	S
80 cm ^{(1) (2)}	O

S = Standard
O = Optional

A matching Enraf-Nonius couch for every interior. As in other practices, a pleasant ambience is important in physiotherapy practices. Clients must feel comfortable in the room where they are being treated. As each practice is furnished differently and has its own colour scheme, we regard it as important for the treatment couches to fit in with your look and feel. That is why we can manufacture our treatment couches in several frame and upholstery colours.

Our imitation leather upholstery contains no phthalates and is flame retardant – a unique combination that makes this material suitable for medical use!

Note! Please order together with the couch because of modification of the couch
(1) = Not available for traction version
(2) = Only available in colours 204, 213 and 199

MANUXELECT TRACTION

The traction version of the ManuXelect has a rolling section with a range of motion of 15 cm to perform traction therapy. This rolling section can also be locked in place for conventional use.

Your ManuXelect traction couch comes standard with a fixation rail on the head section and a traction frame for mounting the Eltrac 471 traction device.

The options for the height adjustment and the lifting capacity of the ManuXelect traction couch are the same as for the other ManuXelect versions.

Attention! The ManuXelect Traction is available only in the colours grey (colour number 213) and Sirius blue (colour number 204) and only with a section width of 67 cm.

TRACTION ACCESSORIES

3xxx014	Flexistool grey, with separate height adjustment for each leg, available in different colours
3445022	Pelvic belt for Manumed Traction
3445021	Thoracic belt for Manumed Traction
1471808	Saunders clinical traction device including mounting bracket for the Eltrac 471
1671901	Eltrac 471, unit for traction therapy

TECHNICAL SPECIFICATIONS

Size tabletop (lxw):	approximately 240 x 67 cm (incl. traction frame)
Movable leg section	15 cm
Lockable	yes

See brochure Eltrac 471 for more information.
