

Manumed Optimal 2-section

The robust, simple
examination and
treatment couch

PARTNER FOR LIFE

Manumed Optimal 2-section

With the Manumed Optimal 2-section treatment couch you have the modern Manumed Optimal quality couch at your disposal. Robust in appearance and simple to operate. Stable and durable.

Less is more with the Manumed Optimal 2-section couch. The 2-part head section, the 2-part head section with separate arm supports and the 2-part back section offer a full range of options to the therapist looking for an uncomplicated couch for safe treatment.

"Easy change from sitting to lying position. Ideal for electrotherapy treatments"

Manumed Optimal 2-section

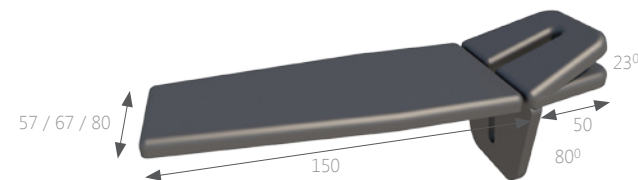

- 2 (up to 4) adjustable sections
- Load capacity up to 200 kg (optional 250 kg)
- Head section folds down completely for better access of the cervical region
- Optimally positioned handles
- Long nose hole, allowing proximal or distal movement of the patient even when lying in prone position
- Optional a triangular nose hole or without nose hole
- Wheel raising mechanism for easy movement of the couch
- Height can be adjusted hydraulically (no mains lead needed) or electrically (very convenient, smooth and quick)
- Completely relaxed starting position in the face-down position with separate head section with adjustable arm rests (optional)

Manumed Optimal 2-section, head-section

NOTE: ALL-AROUND OPERATION IS AN OPTION.

This is a medical device

It complies with all applicable medical regulations. For more details please consult the instructions for use (downloadable via www.enraf-nonus.com).

Manumed Colours

OPTIONS⁽¹⁾

A matching Enraf-Nonius couch for every interior. As in other practices, a pleasant ambience is important in physiotherapy practices. Clients must feel comfortable in the room where they are being treated. As each practice is furnished differently and has its own colour scheme, we regard it as important for the treatment couches to fit in with your look and feel. That is why we can manufacture our treatment couches in several frame and upholstery colours. Our imitation leather upholstery contains no phthalates and is flame retardant – a unique combination that makes this material suitable for medical use!
